## Introduction

Yealink CPW65 is a DECT Wireless Mic that is used for High-Quality Conference Room. Covered with black fabric, CPW65 is elegant, waterproof, greaseproof and antifouling. Its three built-in microphones support a 360-degree voice pickup range with a 16-foot (5-meter) radius, which can guarantee you a balanced and crystal-clear audio experience. CPW65 is easy to use with intuitive capacitive mute buttons. What's more, just by randomly putting CPW65 on the charger cradle, the charging proceeds without worrying about its direction. Its long battery life can offer you 11-day standby time or 12-hour talk time, saving you from frequent charging. All of the advantages make CPW65 an ideal choice for organizations that need optimal microphone placement and wider room coverage.
